

# CCF 15th International Conference on Service Science (CCF ICSS 2022)

May 13-15, 2022 Virtual Conference

Theme: Regulation and Governance of Digital Services

## CCF 15th International Conference on Service Science

### Invitation Letter

Dear \_\_\_\_\_:

Hosted by the China Computer Federation, organized by the CCF Technical Committee of Services Computing and Sun Yat-sen University, CCF 15th International Conference on Service Science (CCF ICSS 2022) will be held virtually from May 13 to 15, 2022.

CCF ICSS 2022 focuses on the topic of “*Regulation and Governance of Digital Services*” with the directions on digital services, service science, service management, service innovation and design, software service engineering, domain service, big data and big services, cloud services, IoT services, and edge services. We will arrange varieties of activities to provide a platform for the presentation and exchange of research results and practical experiences on serviceology, consisting of keynotes, panels, paper reports. The speakers in the conference include many of the leading service science experts from both academia and service industries around the world. We sincerely invite you to participate in the virtual conference of CCF ICSS 2022!
